Curious what Ed thinks about Exxon suing the Attorney General of the Virgin Islands under a tort theory in Texas state court because the AG issued a subpoena asking for documents re climate change policy.

Peter,

I'm going to be in NYC next Monday night and was wondering if you had Ed's (forgot his last name) contact information and do you think it would be okay for me to call him? It would be nice to have a human contact in the city as I go there a few times a year for work.

Let me know what you think.
