We can certainly offer a meeting. But Let me check with Aisling. Gov and Tom know each other well, talk fairly frequently, mostly on the unofficial side. She'll have some perspective on whether it's particularly timely of if there are any outstanding issues.

Agree with your instincts on his involvement publicly with alliance happenings.

Views? I know they've met in the past – would a meeting between the two of them make sense? We're only putting together one USCA event, and I don't think it makes sense to have Steyer involved (either for public perceptions or to keep our bipartisan coalition happy), though it could be nice to have his support.

Hi Reed and Sam,

Reed, it was a pleasure meeting you last week at the America's Pledge meeting in SF. We are working to put together a schedule for Tom Steyer at Climate Week next month and wanted to reach out to you guys to see what US Climate Alliance events you are planning for Climate Week and if there is a way for Tom or NextGen America to be involved. Happy to hop on the phone sometime soon and chat more.

Thanks,

Aaron
