Re: Public Records Request dated February 25, 2019

Dear Mr. Horner:

This letter responds to your public records request dated February 25, 2019, directed to the University of Arizona, seeking the following: "...a copy of all records responsive to a December 7, 2011 public records request to the University by the undersigned and produced by the University in Energy & Environment Legal Institute v. Arizona Board of Regents (Case No. C2013-4963, Superior Court of Arizona for Pima County)."

Please note, the production of records you refer to in your public records request set forth above was made in three separate increments, identified as: the Exemplar records; the Hughes records; and the Overpeck records.

Attached are copies of the Exemplar records in response to your request. Due to digital size and volume, the Hughes records and the Overpeck records are being made available to you via UABox (two separate Box folders). You will receive separate emails shortly granting you permission to access the Box folders containing the records responsive to your request.

In providing this information to you, your public records request set forth above is considered fulfilled and closed in accordance with Arizona public records laws.

Sincerely,

A handwritten signature in blue ink that reads "Teri Bentson".

Teri Bentson
Coordinator, Public Records
