Hi Michael and Lara,

I hope you are well -- and congrats on AG Herring's re-election! I'm writing to introduce myself and offer help to you and the AG in the months ahead on environmental and climate issues.

I recently left California AG Becerra's office to become the comms director for the new Bloomberg-supported State Energy and Environmental Impact Center at NYU Law. We're based in DC and work on legal and communications strategy with AGs around the country who are promoting and defending progressive policies on clean energy, the environment and climate change. Our executive director is David Hayes, who served as the Interior Deputy Secretary in the Obama and Clinton Administrations.

I'm hoping we can find time in the coming weeks to discuss how we can help on these issues. When would be a good time to chat?

Best,

Chris
