Subject: Re: interested in Ironbound or Elizabeth meet & greet?

*** This is an External Email ***

Hi! Sun Apr 10th, 4-530 in Elizabeth is the plan for Leaders for Climate Accountability in-person drinks and app's event. Save the date info is coming. We are going to conduct a brief intake via survey soon to make sure it is discussion-based on most pressing climate cost issues to everyone's location.

On Mon, Mar 7, 2022 at 10:44 AM Lauren OBrien <payupnjpolluters@gmail.com> wrote:
Hi.

If we host an NJ Leaders for Climate Accountability meet & greet / social and roundtable on your climate issues and how we can help would you be interested? There are now 14 Leaders and many are near Elizabeth or Newark.

Would be in person for wine and apps on Sunday, April 3rd or 10th from 4-530pm.

Let me know if you would go or if this is a crazy idea!

Thanks

Lauren

Hi Debbie,

I will be in a meeting during this Fri lunch time but can do Thurs the 23rd any time between 1030-230.

Ideas of costs for storm damage could include:
- overtime for emergency response staff / police
- public property damage not covered by insurance
- FEMA submissions

Anything taxpayers are responsible for.

Thank you!

Lauren

Subject: Scheduling a Welcome Call with the Center for Climate Integrity

Hi Councilor Mans,

We are so excited to welcome you to our

[Leaders for Climate Accountability](#)

network.

As a new Leader, we ask that you (or a member of your staff) join our New Leader Welcome Call, which will be held on

Thursday, 3/3 at 4:30pm ET.

In this 30 minute Zoom call, we will go over the different resources available to your office, how to access them, and review several accountability-related actions you can take right now. We also want to hear about your needs and priorities, and discuss how CCI can bring the most value to your office. We'll also use this as an opportunity for you to meet other elected Leaders who recently joined the network.

I'll send over a calendar invite with a Zoom link attached shortly.

We look forward to building on this work with you and seeing you on the welcome call on March 3rd! Please let us know if you have any questions before then.

Best,
David

Hello Councilor,

We are looking forward to seeing you tomorrow morning. You should see this in your calendar invite. I also attached our typical one-pager in case you want a sneak-peak.

Have a great evening!

Lauren

Lauren O'Brien from the Pay Up Climate Polluters NJ and David Zeballos from The Center for Climate Integrity will introduce the

[Leaders for Climate Accountability](#)

to Councilor Debbie Mans of Glen Ridge. We will also discuss climate impacts and costs to that area, and the climate liability movement in New Jersey.

Lauren O'Brien is inviting you to a scheduled Zoom meeting.

Topic: Leaders for Climate Accountability: Glen Ridge

Time: Dec 14, 2021 11:00 AM Eastern Time (US and Canada)

Join Zoom Meeting

<https://us02web.zoom.us/j/81009112804?pwd=bGxVUTJDN0lkdEFNYml5bXNmNTZxZz09>

Meeting ID: 810 0911 2804

Passcode: 157641

Hi Debbie,

Thank

you so much for taking the time to meet with me and Lauren today! We really appreciate you learning about the work we do at the Center for Climate Integrity and sharing your firsthand knowledge on the climate impacts you're seeing in Glen Ridge.

We are

sending along some follow up info, as well as

the

[link to join](#)

our Leaders for Climate Accountability network.

Signing up should only take about three minutes, and we encourage you to fill it out as soon as possible. After that's completed, we will be in touch with toolkits and possible next steps for collaboration.

Attached

you will find a one-pager on Leaders for Climate Accountability.

And

if you wish to learn more about attribution science, deception evidence, climate liability litigation, or recent accountability actions our Leaders have taken -

[please](#)
[visit this link](#)

.

In our meeting, we also mentioned our virtual series. Last week, we held a webinar exploring the fossil fuel industry's history of deception. You can watch that

[here](#)

, and sign up for our upcoming virtual sessions

[here](#)

.

We look forward to staying in touch! Feel free to follow up with any questions and thanks again for your time and leadership.

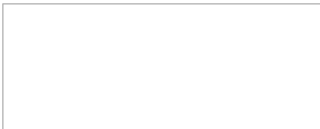

Best,
David

I'd put it in the 3rd person for one thing. :-) Edited:

A 31 year resident of Maplewood, Ms. Adams has been a local activist for community and economic development and the environment for almost as long. She has served as President of the League of Women Voters of Maplewood & S. Orange, founded the College Hill Neighborhood Association and co-founded the Springfield Avenue Partnership; she also has served on the town's Planning Board for 11 years and is serving my third term on the governing body. Ms. Adams spearheaded several environmental initiatives like banning gas-powered leaf blowers and plastic bags along with her advocacy for replenishment of town trees on the streets and in the parks plus fighting for the inclusion of green infrastructure in all road projects.

To: Lauren OBrien <payupnjpolluters@gmail.com>

Hello!

As we all transition from restful to busy times, I am reminding you about next week's **virtual messaging training** customized for YOU as a **New Jersey Leader for Climate Accountability**.

Please join Lauren O'Brien and staff experts from the Center for Climate Integrity team for a crash course on different messaging tactics that communities are using to make the case for climate accountability. The CCI team will prepare you to speak about this issue in clear and effective language, and provide tips and guidance for how to push back against common industry talking points.

Tuesday, September 13th
5:00-6:00pm
on Zoom

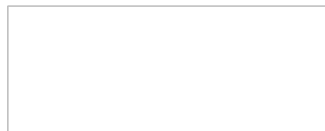

Please confirm that you can attend by the end of Thursday, September 8th.

We will also share some climate accountability good news!

Good luck this week ramping up and hope to see you soon,

Lauren

***** This is an External Email *****

Hello!

I am confirming your participation as a **panelist for the NJ Leaders for Climate Accountability virtual event on Thursday, June 30th from 5-6pm** on summer climate trends and costs. Basic details here. **Not ready to share publicly yet** . That will come next week!

What: Virtual statewide panel on NJ summer 2022 predicted impacts and costs for hurricane activity

When: Thursday, June 30th 5:00-6:00pm (**Sign on at 4:45, Q&A until 6:10 if possible**)

Where: Webinar zoom

Who: Hosted by NJ [Leaders for Climate Accountability](#) with the [Center for Climate Integrity](#).

Why: To educate NJ local and county elected officials, community leaders, nonprofit org's, and the public about current data on NJ summer climate trends, expected impacts and costs; and about climate litigation (holding fossil fuel industry accountable) as a tool for cost recovery.

**Proposed
Program**

4:45-4:55

- Panelists sign on

to test audio-visual

5:00-5:10

-

Moderator, Maplewood Committeewoman

Nancy Adams

gives overview, why we are here, introductions

5:10-5:20

James Shope,

Research Associate, NJ Climate Change Resource Center, Dept. of Environmental Sciences , Rutgers U
on NJ summer climate trends and
impacts with focus on hurricanes/SLR/precipitation

5:20-5:30 NJ L4CA's

share past hurricane costs

- 5 min**
- Union County:**

Brandon Bernier, Councilman of Roselle

- 5 min**
- Essex County:**

Debbie Mans, Councilor of Glen Ridge

5:30-5:40

CCI Senior Staff Attorney Corey Riday-White-
on climate litigation

5:40-5:55

NJ L4CA's share

how frontline communities disproportionately bear the brunt of climate change impacts and some resilience costs

- 5 min - Jersey City:

Councilman

James Solomon

*** This is an External Email ***

Hi,

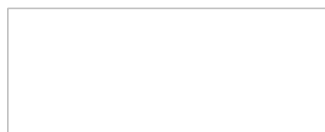

City of Newark needs an in-person or virtual speaker to teach Climate Change 101 to HS students from 9:20-10:30am on Weds, July 20th. Their previous speaker had to bounce.

Can you help me recommend someone? Unfortunately, Rutgers team (Marjorie & Jeanne) have no one available.

Thanks,

Lauren

Subject: Guest Speaker for Climate Justice Ambassadors 2022 - July 20th

Hello,

I am reaching out to you because the Office of Sustainability (Newark) is facilitating the [Climate Justice Ambassador](#) program this summer. My name is Habeebah and I am the Equity, Diversity, Inclusion Fellow working with Nathaly and Yaritza, the Program Assistant, on the summer program.

I wanted to know if you are available to speak with our ambassadors at the [Greater Newark Conservancy](#) (GNC) on Wednesday, July 20th from 9:20am-10:30am to provide a Climate Change 101 lesson, especially as it pertains to the urban cities such as Newark. We want our student interns to become familiar with climate change terms and have a foundational understanding as we build upon this throughout the program. Their ages range from 14-18 and there will be about 20 interns.

We would love to have you speak to our Ambassadors (there are currently 18-20) in person. If this does not work for you, there is a virtual option, however we were hoping for 30 minutes of presentation followed by an activity that can help students have a hands on understanding of climate change. Myself and Yaritza

could potentially do an activity recommended if you explain it to us so we can facilitate it with our student interns, as an option if you cannot attend in person.

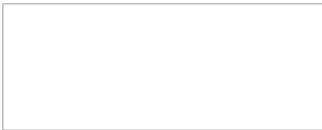

Please let me know if you are interested and available.

Thank you,

Habeebah Yasin

Hi Debbie,

I will be in a meeting during this Fri lunch time but can do Thurs the 23rd any time between 1030-230.

Ideas of costs for storm damage could include:
- overtime for emergency response staff / police
- public property damage not covered by insurance
- FEMA submissions

Anything taxpayers are responsible for.

Thank you!

Lauren

Hi!

Can you take a quick look at the bio we have for you on our [Leaders for Climate Accountability](#) website and see if it needs any tweaking? That link takes you to the national roster by alphabetical order of last name, but you can now filter by State at the top.

Committeewoman Adams will be introducing you, and Doug O'Malley of Environment NJ will introduce her.

Thanks,
Lauren

To: Lauren OBrien <payupnjpolluters@gmail.com>

Hello!

As we all transition from restful to busy times, I am reminding you about next week's **virtual messaging training** customized for YOU as a **New Jersey Leader for Climate Accountability**.

Please join Lauren O'Brien and staff experts from the Center for Climate Integrity team for a crash course on different messaging tactics that communities are using to make the case for climate accountability. The CCI team will prepare you to speak about this issue in clear and effective language, and provide tips and guidance for how to push back against common industry talking points.

Tuesday, September 13th

5:00-6:00pm

on Zoom

Please confirm that you can attend by the end of Thursday, September 8th.

We will also share some climate accountability good news!

Good luck this week ramping up and hope to see you soon,

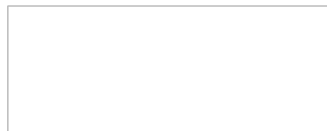

Lauren

Hi Debbie,

I will be in a meeting during this Fri lunch time but can do Thurs the 23rd any time between 1030-230.

Ideas of costs for storm damage could include:

- overtime for emergency response staff / police
- public property damage not covered by insurance
- FEMA submissions

Anything taxpayers are responsible for.

Thank you!

Lauren

On Tue, Jun 14, 2022 at 8:46 PM Councilor Deborah Mans <dmans@glenridgenj.org> wrote:

Hey Lauren

I can ask our Borough -- we have some costs related to reimbursements we are seeking for storm response. What else should I look at?

For a pre-panel call, I am available this Friday during lunchtime, next Thursday during lunchtime and then Friday afternoon. Would any of those times work for you?

Thanks, Debbie

Hi Debbie!

I connected with Maplewood, Newark and Essex County Commissioners to get some cost data for past hurricane destruction to Essex County.

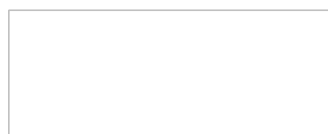

Are there any other avenues you wanted to explore, or do you want me to set up this information for you to present? Can we put a date on the calendar before June 30th to go through it for 20 min?

Thanks so much for your time,

Lauren

Subject: on hurricane costs with Councilor Mans

Hi Karen!

Wonderful talking to you yesterday and catching up.

As you requested, emailing this again to request some specific costs to Essex County taxpayers for past hurricane destruction. Examples (such as what I just discussed with City of Linden OEM) can include:

- overtime for emergency response staff
- clean up and sanitation
- bulk waste and debris removal
- tree removal
- property repairs and restoration
- pumping
- transportation

And much more.

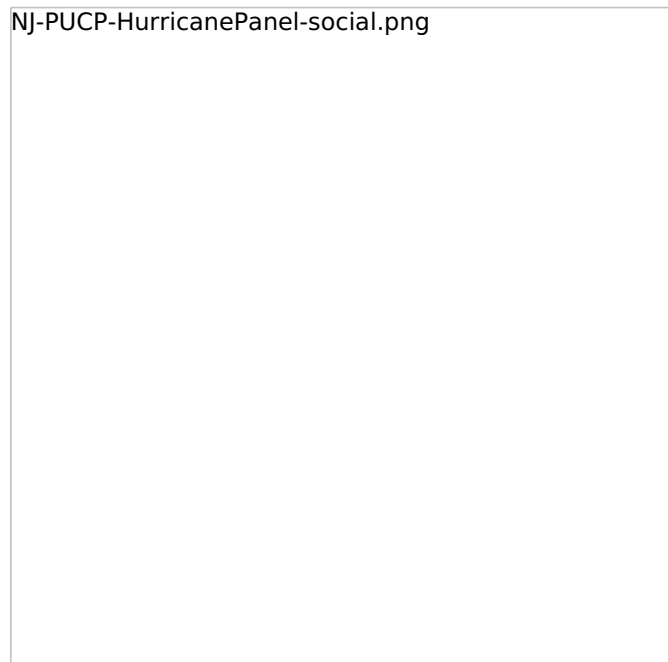

Thank you,

Lauren

Subject: Re: request for past hurricane costs for Councilor Mans

Hello.

I am following up on a request for some **Ida storm costs to Essex County taxpayers for a panel next week** that Councilor Debbie Mans of Glen Ridge is co-presenting. You will see a **Union County profile attached** that another local elected official is presenting at that same panel. You will see that Union County Commissioner Mirabella submitted a graph of **past storm costs submitted to FEMA**. That would suffice for Essex County, but we are also fine with another approach if that is best for you.

Councilor Mans and I are speaking at 11:45 today, but I can insert your costs early next week when they become available. **Is it possible to have this by end of Tues, Jun 28th?**

Thank you so much!

*** This is an External Email ***

Hi Debbie,

I will be in a meeting during this Fri lunch time but can do Thurs the 23rd any time between 1030-230.

Ideas of costs for storm damage could include:
- overtime for emergency response staff / police
- public property damage not covered by insurance
- FEMA submissions

Anything taxpayers are responsible for.

Thank you!

Lauren

On Tue, Jun 14, 2022 at 8:46 PM Councilor Deborah Mans <dmans@glenridgenj.org> wrote:
Hey Lauren
I can ask our Borough -- we have some costs related to reimbursements we are seeking for storm response. What else should I look at?

For a pre-panel call, I am available this Friday during lunchtime, next Thursday during lunchtime and then Friday afternoon. Would any of those times work for you?

Thanks, Debbie

Councilor Debbie Mans
Borough of Glen Ridge

Hi Debbie!

I connected with Maplewood, Newark and Essex County Commissioners to get some cost data for past hurricane destruction to Essex County.

Are there any other avenues you wanted to explore, or do you want me to set up this information for you to present? Can we put a date on the calendar before June 30th to go through it for 20 min?

Thanks so much for your time,

Lauren

Subject: (keep this email): GUIDE FOR THURS PANEL!

Hello Panelists!

We at CCI are excited about our virtual event tomorrow with you tomorrow evening. Thank you so much for your participation. This email should contain all the info you need, but of course contact me if you have any further questions or comments. **Take a minute to read the [event description](#)** as an overview if you have not had time to do that yet.

Audience:

There will be close to 100 registrants, so expect half to show. Many will sign up to receive the recording. Audience members include non-profit organization supporters of Pay Up Climate Polluters NJ, municipal employees, local elected officials, environmental commissioners and constituents.

Your sign-on link:

<https://us02web.zoom.us/j/89880855800?pwd=rGqeeD8GQHON5GCSWKN1pko-87-Wgx.1>

Passcode: 440983

Please sign on at 4:45 if possible (except Councilman Shabazz).

Run-of-show:

4:45-4:55 - all panelists sign on and **test video/audio** with Lauren

(4:55 - early audience members start to come in silently)

5:00 -5:10 - **Doug O'Malley, State Director of Environment NJ** introduces himself as co-sponsor to the event and introduces Committeewoman **Nancy Adams as Moderator**. Nancy then gives her *Why We Are Here* comments and introduces our first 3 panelists.

5:10 -5:22 - **James Shope** presents on 2022 hurricane impacts.

5:20 -5:25 - **Councilman Bernier** presents on Union County storm disaster recovery.

5:25 -5:30 - **Councilor Mans** presents on Essex County storm disaster recovery, then she introduces Corey Riday-White as Senior Staff Attorney at the Center for Climate Integrity (no bio)

5:30-5:45 - **Corey** presents on climate litigation as a tool for cost recovery, then introduces our final 2 panelists

5:45 -5:50 - **Councilman Solomon** presents on flood resilience in Jersey City

5:50 -5:55 - **Council Vice President Shabazz** presents on flood resilience in Atlantic City, then turns things back to Nancy.

5:55 -6:00 - Nancy's remarks on *How to support in New Jersey* (and David of CCI posts action links in the chat)

6:00 -6:10 - Nancy works with Lauren through Q&A and wraps up.

Our guiding points for you:

1) **Please rehearse your presentation to the time allotted to you.** There are many panelists, and we won't be able to go over time for each presentation.

2) Leaders for Climate Accountability (Brandon, Debbie, James S and Kaleem) are encouraged to shape your remarks as follows:

- **Lead with personalization / personal story** on what hurricanes mean to your community (devastation, not being able to fund XYZ because those dollars go to resilience, and if are particular communities are disproportionately impacted by climate impacts)
- Use the **cost numbers to illustrate** your main points / personal story as leader of your community. We don't need all of the costs. Just pick a few poignant ones.
- End with a **Big Oil accountability messaging point** from [this source](#) on why we need to hold Big Oil accountable for their fair share of costs. **(PASSWORD to the link is Leaders)**

3) **Slides are not required but appreciated.** Pretty sure Rutgers and Corey will have them, so the rest is options. Please be prepared to share your own deck and click through, as you will have screen sharing ability.

See you tomorrow and thank you again!

Lauren

Hello.

I am following up on a request for some Ida storm costs to Essex County taxpayers for a panel next week that Councilor Debbie Mans of Glen Ridge is co-presenting. You will see a Union County profile attached that another local elected official is presenting at that same panel. You will see that Union County Commissioner Mirabella submitted a graph of past storm costs submitted to FEMA. That would suffice for Essex County, but we are also fine with another approach if that is best for you.

Councilor Mans and I are speaking at 11:45 today, but I can insert your costs early next week when they become available. Is it possible to have this by end of Tues, Jun 28th?

Thank you so much!

Lauren

Hello Councilwoman,

We met a few times at the League of Municipalities, and you were pretty familiar with the movement to hold the oil industry legally accountable for their fair share of climate damages in New Jersey and across the nation.
GOLD STAR!

I work with the

[Center for Climate Integrity](https://www.centerforclimateintegrity.org)

(CCI), a nonprofit organization that

educates on the industry's long history of knowledge and deception regarding their products' role in global warming. We know that communities everywhere are facing unprecedented climate-driven disasters such as Hurricane Ida, and that becoming more resilient against these threats is incredibly expensive. To make matters worse, the enormous price tags for disaster recovery and climate adaptation are falling entirely on taxpayers, while the corporate polluters who knowingly caused the climate crisis contribute nothing.

Would you be interested in a phone chat soon?

I would like to hear how climate impacts affect the Glen Ridge area, and also update you on local government actions towards climate accountability.

Let's reconnect soon and have a good weekend!

Hi,

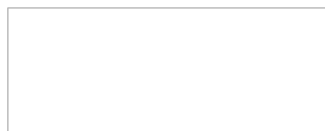

City of Newark needs an in-person or virtual speaker to teach Climate Change 101 to HS students from 9:20-10:30am on Weds, July 20th. Their previous speaker had to bounce.

Can you help me recommend someone? Unfortunately, Rutgers team (Marjorie & Jeanne) have no one available.

Thanks,

Lauren

Date: Tue, Jul 12, 2022 at 12:04 PM
Subject: Guest Speaker for Climate Justice Ambassadors 2022 - July 20th

Hello,

I am reaching out to you because the Office of Sustainability (Newark) is facilitating the [Climate Justice Ambassador](#) program this summer. My name is Habeebah and I am the Equity, Diversity, Inclusion Fellow working with Nathaly and Yaritza, the Program Assistant, on the summer program.

I wanted to know if you are available to speak with our ambassadors at the [Greater Newark Conservancy](#) (GNC) on Wednesday, July 20th from 9:20am-10:30am to provide a Climate Change 101 lesson, especially as it pertains to the urban cities such as Newark. We want our student interns to become familiar with climate change terms and have a foundational understanding as we build upon this throughout the program. Their ages range from 14-18 and there will be about 20 interns.

We would love to have you speak to our Ambassadors (there are currently 18-20) in person. If this does not work for you, there is a virtual option, however we were hoping for 30 minutes of presentation followed by an activity that can help students have a hands on understanding of climate change. Myself and Yaritza could potentially do an activity recommended if you explain it to us so we can facilitate it with our student interns, as an option if you cannot attend in person.

Please let me know if you are interested and available.

Thank you,

Habeebah Yasin

Hello.

I am following up on a request for some **Ida storm costs to Essex County taxpayers for a panel next week** that Councilor Debbie Mans of Glen Ridge is co-presenting. You will see a **Union County profile attached** that another local elected official is presenting at that same panel. You will see that Union County Commissioner Mirabella submitted a graph of **past storm costs submitted to FEMA**. That would suffice for Essex County, but we are also fine with another approach if that is best for you.

Councilor Mans and I are speaking at 11:45 today, but I can insert your costs early next week when they become available. **Is it possible to have this by end of Tues, Jun 28th?**

Thank you so much!

To: Lauren OBrien <payupnjpolluters@gmail.com>

Hello!

As we all transition from restful to busy times, I am reminding you about next week's **virtual messaging training** customized for YOU as a **New Jersey Leader for Climate Accountability**.

Please join Lauren O'Brien and staff experts from the Center for Climate Integrity team for a crash course on different messaging tactics that communities are using to make the case for climate accountability. The CCI team will prepare you to speak about this issue in clear and effective language, and provide tips and guidance for how to push back against common industry talking points.

Tuesday, September 13th

5:00-6:00pm

on Zoom

Please confirm that you can attend by the end of Thursday, September 8th.

We will also share some climate accountability good news!

Good luck this week ramping up and hope to see you soon,

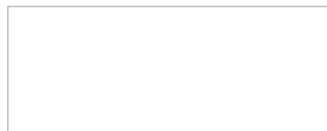

Lauren

Hi Debbie,

I will be in a meeting during this Fri lunch time but can do Thurs the 23rd any time between 1030-230.

Ideas of costs for storm damage could include:

- overtime for emergency response staff / police
- public property damage not covered by insurance
- FEMA submissions

Anything taxpayers are responsible for.

Thank you!

Lauren

Hi Debbie!

I connected with Maplewood, Newark and Essex County Commissioners to get some cost data for past hurricane destruction to Essex County.

Are there any other avenues you wanted to explore, or do you want me to set up this information for you to present? Can we put a date on the calendar before June 30th to go through it for 20 min?

Thanks so much for your time,

Lauren

Subject: Scheduling a Welcome Call with the Center for Climate Integrity

*** This is an External Email ***

Hi Councilor Mans,

We are
so excited to welcome you to our

[Leaders for Climate Accountability](#)

network.

**As
a new Leader, we ask that you (or a member of your staff) join our New Leader Welcome Call, which
will be held on**

Thursday, 3/3 at 4:30pm ET.

In this 30 minute Zoom call, we will go over the different resources available to your office, how to access them, and review several accountability-related actions you can take right now. We also want to hear about your needs and priorities, and discuss how

CCI can bring the most value to your office. We'll also use this as an opportunity for you to meet other elected Leaders who recently joined the network.

**I'll
send over a calendar invite with a Zoom link attached shortly.**

We look forward to building on this work with you and seeing you on the welcome call on March 3rd! Please let us know if you have any questions before then.

Best,
David

Subject: (keep this email): GUIDE FOR THURS PANEL!

*** This is an External Email ***

Hello Panelists!

We at CCI are excited about our virtual event tomorrow with you tomorrow evening. Thank you so much for your participation. This email should contain all the info you need, but of course contact me if you have any further questions or comments. **Take a minute to read the [event description](#)** as an overview if you have not had time to do that yet.

Audience:

There will be close to 100 registrants, so expect half to show. Many will sign up to receive the recording. Audience members include non-profit organization supporters of Pay Up Climate Polluters NJ, municipal employees, local elected officials, environmental commissioners and constituents.

Your sign-on link:

<https://us02web.zoom.us/j/89880855800?pwd=rGqeeD8GQHON5GCSWKN1pko-87-Wgx.1>

Passcode: 440983

Please sign on at 4:45 if possible (except Councilman Shabazz).

Run-of-show:

4:45-4:55 - all panelists sign on and **test video/audio** with Lauren

(4:55 - early audience members start to come in silently)

5:00 -5:10 - **Doug O'Malley, State Director of Environment NJ** introduces himself as co-sponsor to the event and introduces Committeewoman **Nancy Adams as Moderator**. Nancy then gives her *Why We Are Here* comments and introduces our first 3 panelists.

5:10 -5:22 - **James Shope** presents on 2022 hurricane impacts.

5:20 -5:25 - **Councilman Bernier** presents on Union County storm disaster recovery.

5:25 -5:30 - **Councilor Mans** presents on Essex County storm disaster recovery, then she introduces Corey Riday-White as Senior Staff Attorney at the Center for Climate Integrity (no bio)

5:30-5:45 - **Corey** presents on climate litigation as a tool for cost recovery, then introduces our final 2 panelists

5:45 -5:50 - **Councilman Solomon** presents on flood resilience in Jersey City

5:50 -5:55 - **Council Vice President Shabazz** presents on flood resilience in Atlantic City, then turns things back to Nancy.

5:55 -6:00 - Nancy's remarks on *How to support in New Jersey* (and David of CCI posts action links in the chat)

6:00 -6:10 - Nancy works with Lauren through Q&A and wraps up.

Our guiding points for you:

1) **Please rehearse your presentation to the time allotted to you.** There are many panelists, and we won't be able to go over time for each presentation.

2) **Leaders for Climate Accountability** (Brandon, Debbie, James S and Kaleem) are **encouraged to shape your remarks as follows:**

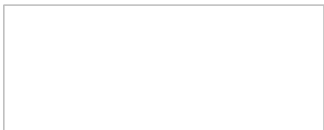

- **Lead with personalization / personal story** on what hurricanes mean to your community (devastation, not being able to fund XYZ because those dollars go to resilience, and if are particular communities are disproportionately impacted by climate impacts)
- Use the **cost numbers to illustrate** your main points / personal story as leader of your community. We don't need all of the costs. Just pick a few poignant ones.
- End with a **Big Oil accountability messaging point** from **this source** on why we need to hold Big Oil accountable for their fair share of costs. **(PASSWORD to the link is Leaders)**

3) **Slides are not required but appreciated.** Pretty sure Rutgers and Corey will have them, so the rest is options. Please be prepared to share your own deck and click through, as you will have screen sharing ability.

See you tomorrow and thank you again!

Lauren

*** This is an External Email ***

Hi Karen!

Wonderful talking to you yesterday and catching up.

As you requested, emailing this again to request some specific costs to Essex County taxpayers for past hurricane destruction. Examples (such as what I just discussed with City of Linden OEM) can include:

- overtime for emergency response staff
- clean up and sanitation
- bulk waste and debris removal
- tree removal
- property repairs and restoration
- pumping
- transportation

And much more.

Thank you,

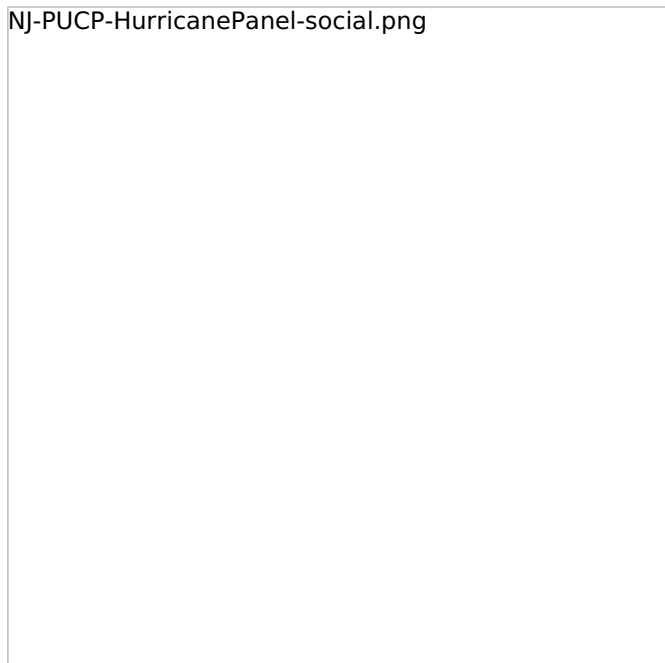

Lauren

Hello Commissioner Gill, Councilor Mans, Karen and Nathaly,

I am connecting you in Essex County as leaders who are educated and supportive of the climate accountability movement in New Jersey. Councilor Debbie Mans of Glen Ridge is a national Leader for Climate Accountability with us, and graciously accepted our invitation as a panelist for the June 30th virtual event described below.

NJ-PUCP-HurricanePanel-social.png

She is going to share a 5-minute summary of **costs to Essex County that directly resulted from hurricane damage . Can the City of Newark and Essex County Board of Commissioners help her with most current data?** Just a few examples will suffice.

Let me know and I am happy to help in any way I can.

Thank you,

Lauren

Hi Lauren

Thank you for the nudge! I hope you both had a great New Years Day and are looking forward to 2022...it can only get better!

I just filled out the online form to sign up for the program and registered for one of the upcoming webinars. Thank you again for reaching out and looking forward to working with you, Debbie

Hi Debbie,

Thank you so much for taking the time to meet with me and Lauren today! We really appreciate you learning about the work we do at the Center for Climate Integrity and sharing your firsthand knowledge on the climate impacts you're seeing in Glen Ridge.

We are sending along some follow up info, as well as

the

[link to join](#)

our Leaders for Climate Accountability network.

Signing up should only take about three minutes, and we encourage you to fill it out as soon as possible. After that's completed, we will be in touch with toolkits and possible next steps for collaboration.

Attached you will find a one-pager on Leaders for Climate Accountability.

And if you wish to learn more about attribution science, deception evidence, climate liability litigation, or recent accountability actions our Leaders have taken –

[please visit this link](#)

.

In our meeting, we also mentioned our virtual series. Last week, we held a webinar exploring the fossil fuel industry's history of deception. You can watch that

[here](#)

, and sign up for our upcoming virtual sessions

[here](#)

.

We look forward to staying in touch! Feel free to follow up with any questions and thanks again for your time

and leadership.

Best,
David
