I think this looks great! Don't know if we want to add that we have 5 more dual chargers going in, bringing our total to 10 dual/20 charging ports?

Hi Mayor Conley,

I just wanted to follow up with you about co-authoring an [op-ed](#) with us about EV charging stations, specifically highlighting the great work you've done in Madison and the guide we wrote to help other towns follow in your footsteps.

Please let me know if you have any suggestions or edits to the [op-ed](#), and if you're still interested in co-authoring as we'd love to get this published sooner than later.

Thanks again,
Hayley

Hi Mayor Conley,

Thank you so much again for speaking at our press conference on Monday. We really appreciate you taking the time to join us to help spread the word about EV charging and our new guide.

In case you missed it, the Daily Record published a good article about it: <https://www.dailyrecord.com/story/news/2021/11/29/electric-vehicles-how-nj-municipalities-can-help-boost-use/8794517002/>

I also wanted to follow up on the op-ed that I mentioned to you a few weeks ago. Our hope is to publish a co-authored op-ed with you in the Daily Record or Madison Eagle to further highlight the great work Madison has done and get the guide out there to more municipal leaders. Margaret wrote up a first draft, which you can see [here](#). Please feel free to edit it as you see fit.

Let me know if you have any questions and any general thoughts on the op-ed or the plan.

Thanks again,
Hayley

Yes, we will definitely add that in! Thanks so much for doing this with us. We will send it in to the newspaper soon and keep you updated about it hopefully getting published.

Happy holidays,
Hayley

Hayley,

It is good to go though you could work in that we have received funding for 5 more dual stations, which will be installed in the New Year. This brings our total to 10 dual stations providing 20 slots. Thank you for putting this together and adding me as a co-author,

Mayor Bob
